Version 1.0

1. Welcome & Introduction

Welcome to our team! We are thrilled to have you with us. This Employee Handbook is designed to guide you through your journey at our organization, outlining our core values, expectations, and the operational policies that keep our workplace collaborative, professional, and productive.

Our Mission: To cultivate an environment of continuous growth, academic and professional excellence, and technological innovation in every project we deliver.

2. Code of Conduct

We believe in maintaining a respectful, safe, and collaborative professional environment. All employees are expected to uphold the highest standard of personal and professional integrity.

Professionalism & Communication

Honest, transparent, and polite communication is required at all levels. Disrespectful behavior, harassment, or discrimination of any kind will not be tolerated and is subject to immediate disciplinary actions.

Attendance & Punctuality

Regular attendance and punctuality are vital for team success. If you expect to be late or absent, you must notify your immediate supervisor or the HR department at least two hours before your scheduled shift.

3. Employment Policies & Working Hours

Standard Working Hours

Our standard operational work week consists of 40 hours, typically structured as 8 hours per day, Monday through Friday. Flexible arrangements or project-specific timelines must be formally coordinated and approved by management.

Data Security & Confidentiality

As a developer and research-driven organization, data privacy and intellectual property are critical. All codebases, technical architectures, research documents, and client workflows are strictly confidential and must not be shared outside organization-approved networks.

4. Leave & Time-Off Benefits

We recognize the importance of work-life balance and provide comprehensive leave credits to ensure employees can rest, recuperate, or attend to personal obligations.

- **Vacation Leave:** Provided for planned rest and recreation. Requests should be submitted via the formal Leave Application Form at least five (5) working days in advance.

- **Sick Leave:** Available for times when you are unable to perform duties due to personal illness or medical appointments. Notification should be provided on the day of absence.
- **Emergency Leave:** Granted for urgent personal or family emergencies requiring immediate attention.

5. Separation & Offboarding

Should you decide to move on to new opportunities, we aim to make the transition as smooth as possible for both you and the team.

Resignation Notice Period

Employees seeking to resign must submit a formal written letter of resignation using the designated Resignation Template. A standard notice period of thirty (30) days is required to facilitate proper knowledge transfer, project documentation handover, and complete clearance procedures.
